**LOST IN PRAGUE NAMED TOP UNSIGNED ARTIST OF THE MONTH IN
ALTERNATIVE PRESS - DEBUT ALBUM COMING MARCH, 2008....**

February 6, 2008 - Minneapolis, MN

Minneapolis post-hardcore rockers, Lost In Prague, will be making headlines in the March issue of Alternative Press as the Top Unsigned Artist of the Month. The group is currently tracking their debut album with producer Steve Henningsgard. The record "From The Ashes" will be released independently in March of 2008.

According to a statement from the band...

"From The Ashes is our first true attempt at a full length album. We've spent many hours in the studio with Steve Henningsgard and we couldn't be any more proud of the work so far! We really feel that we have created something new and fresh in our scene and for our fans."

"Our songs really came alive to me, and I cant wait till this is released for others to hear it! So far the couple of songs that have been pre-released seem to be a success with all the fans we continue to add online." said Kyle Watts. Guitarist.
